

Lehigh

- More closely to unite the alumni with the active Brothers, Alpha Rho put on its first big alumni reunion in conjunction with the school reunion at the end of the spring semester. About 30 Brothers returned.

A plaque was recently obtained in memory of Brother Lawshe, who was killed last spring. Another plaque is also being obtained to honor Brothers killed in the war.

Tom Curtis and Jack MacLean hold positions on the freshman soccer team. Tom Norton and Jack Stevenson on the freshman football team. The chapter itself has a good team entered in the Interfraternity Football League.

The annual Dad's Day was to be held in November. It was launched last year with great success. Our second outstanding social event is the houseparty and big plans are already lined up for that week end.

IT MUST HAVE BEEN THE SMOKE

—at the Lehigh rushing smoker, that gave this picture its foggy appearance. Try using a few floodlights next time, fellows.

A few repairs have been made in and around the house. A retaining wall was built in the parking space and the front lawn laid with soil pipe in order to cut down the erosion. In the house itself, the whole wiring system was checked and repaired. Several badly needed lights were put in.

John McWilliam.

Louisiana State

- This fall has seen one of the most extensive rush seasons ever carried out by this chapter. Under Bobby Dinnat as rush chairman we pledged 20 men.

Since that time our energies have been centered to the interfraternity football league. Charles "Moon" Chappius, all-interfraternity back of last year, has captained the team through two unscored on games. We have our eyes on the Sweepstakes Trophy offered by the Interfraternity Council for athletic competition. With a little luck it may decorate the mantel of Epsilon Zeta.

Our formal dance is scheduled for Jan. 17.

Ted Strickland.

Maine

- Thirty-one members and 11 pledges returned this fall to live in the newly decorated chapter house. In addition 18 married brothers are residing in the vicinity with their families.

At the first meeting, presided over by Ralph Gould, W.M., Elmer Bowen was elected Worthy Scribe to succeed Carl Wing, and Robert Chase was chosen to represent ATO in the Student Senate.

Brothers on the football squad include Robert Emerson, John Schmidlin, Charles Cook, Arthur Clark, Ralph Piscapo, John Chapman, William Linton, and Clarence McElman. Foster Jacobs and Wendall Wilson both earned their letters last spring in track and golf respectively. Alan Burgess, All-Maine guard on last season's basketball team, is president of the senior class. Nick Brountas, Interfraternity Council representative, earned high honors last spring in the field of debating. Pledge Sam

under him are Bob Benjamin, Bob Benedict, Bill Davis, Bob Robertson, Tom Tobias, and Frank Barrett.

Three men have returned to the chapter this fall. Harold Wycoff is back after four years in the Navy, and Johnny O'Hern and Adron Rush have returned to active membership.

Since June, Beta Rho has lost the following men because of graduation or transfer: Dave Rood, last semester's W.M., Frank Bohman, Jim Ronian, Joe Howland, Dick Krause, Fran Herdman, Jim Spears, Carter Foulke, Al Nowakowski, Al Blackburn, Bill Becker, Jim Schmidt, Bill Jury, Glen Huguet, Ralph White, and Ed. Adams.

Jack Waugh.

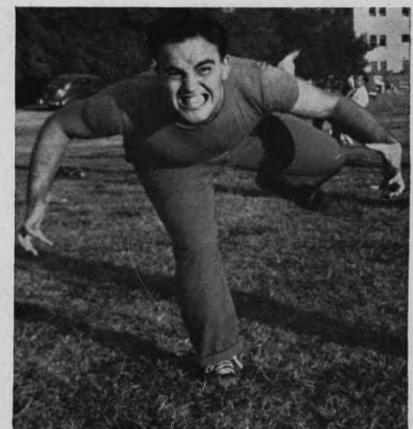

Maryland

- ATO was the first fraternity to begin rushing at Maryland this fall. We started the season on Oct. 11 with an open house at which Bill King did magic tricks, Phil Volk sang, and the Three B's, a musical trio, rendered ditties and acts, ranging from ham to Hamlet. Two Wednesday evening smokers were held; at one, Brother J. W. Boyd, Director of the Bureau of Mines, was a special guest. After two more party dances held here at the house on week ends, the traditional steak fry out at Joe Grigsby's brought the season to a close and the pledging ceremony was held just prior to Homecoming.

The reactivation of the Maryland Epsilon Gamma Alumni Association was effected at Homecoming in November. Alumnus Brother Frank Wise was particularly active in bringing this reorganization about. The actives and alumni jointly sponsored an after-game buffet supper and dance on the night of Homecoming.

With the aid of Brother Hutchison, Nebraska, we completed the refinancing of our house. During summer vacation, we had the house painted inside and out. The members painted the walls, ceilings, woodwork, windows, and furniture in their own rooms. We have installed Venetian blinds on the first floor, and hope to have new draperies in the near future.

Also, we have redecorated our house-mother's apartment with a new and lovely

The E Z WASHING MACHINE!

Bobby Dinat, right guard for the Louisiana State eleven, has been putting the opposition through the wringer.
